

From

Director General Health Services,
Haryana Panchkula

To

All the Civil Surgeons
State of Haryana

Memo No 4pm-Comp-99/2013/3053-73
Dated 31/5/13

Subject: **Regarding availability of Ambulances and Anti-Rabies Medicines.**

It has been observed through the news paper reports that ambulances (102) from the site of accident for transportation of the patients to the Health Institutions are not reaching within reasonable time. It is directed that all the Civil Surgeons should periodically review the working of ambulance services (102) and ensure that ambulances should reach at the site of accident for transportation of patients within reasonable time.

2. Anti-Rabies vaccine injections for the patients of Dog Bites are also not available in some Health Institutions which cause a lot of inconvenience to the patients and this disrupt the Free Medicine policy of the Government. Civil Surgeons are directed that essential medicines in general and Anti-Rabies in particulars, should be made available in all the Health institutions within their respective districts.
